

ARRANGE DESKTOP SERIES

BIG GAME ON THE DESIGN "We wanted to create a flexible system that allowed for us to organize things on a desk or shelf. A focal point in the design process was to make the design playful by encouraging the user to interact with it, using and reconfiguring the combination of trays, paired with an expression that is inspired by contemporary architecture. With its trays made in 93% recycled plastic and lids in cork and aluminum, the Arrange Desktop Series brings a forward-thinking perspective to modern storage."
