

KINK VASE

EARNEST STUDIO ON THE DESIGN “My starting point for the Kink Vase was an exploration of how new forms could be created through the digital manipulation of simple shapes. The design combines this appreciation of modern technology with traditional ceramic craft, resulting in a piece that is both contemporary and sculptural. The graphic and playful appearance of the Kink Vase—combined with its double opening, which suggests a new way to arrange flowers—infuses its surroundings with joy.”
