

# Midst Table

“Midst Table is a meeting between the poetic and functional. The name refers to the center and the table being a gravitational point, while its round shape cancels out hierarchy — there is no head of the table. Its shape naturally draws us in towards its middle, encouraging a meeting of minds and eyes. Our design process was one of subtraction and refinement. The Midst Table’s form and construction was inspired by an iconic architectural feature, the column, merging a physical stability and steadfastness with a sense of elegance.”

<b>Designed by</b>	TAF Studio / 2023
<b>About the designer</b>	TAF Studio is a Stockholm-based design and architecture studio, founded by Gabriella Gustafson and Mattias Ståhlbom. The duo works within product and interior design.
<b>Environment</b>	Indoor
<b>Country of Production</b>	Latvia
<b>Preassembled</b>	No
<b>Description</b>	A natural focal point of the home, the Midst Table is a generous, round dining table where friends and family gather — and there is always room to squeeze in one more guest. Its refined silhouette is simple yet characteristic, enhanced by distinct detailing and contrasting materiality; matte solid oak or linoleum on a monolithic base made of spun steel with a durable high gloss finish.
<b>Material</b>	Table top in lacquered MDF with a linoleum top or FSC™-certified (FSC-C028824) solid oak, treated with either a clear or dark oil.  Base in powder-coated steel with a protective rubber ring under the base.

## Cleaning & Care

Linoleum: Clean the tabletop with a damp cloth. If necessary, only use a mild detergent or washing-up liquid, never concentrated. Always wipe with a dry cloth afterward. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away.

For linoleum versions, linoleum care is recommended 2-3 times a year for optimum saturation of the natural material.

Clean base with a microfiber cloth to avoid scratching the high gloss lacquer. If necessary use a small amount of mild dish soap on the cloth.

Solid Oak and Dark Oiled Oak: Upon receiving your table, we recommend that the table top and bottom is treated with a special oak wood oil, improving its resistance to stains and fluids. We also recommend that you continue caring for the product by repeating this treatment 2-3 times a year. For products in Solid Oak, we recommend using a tabletop oil with a small amount of white pigment, suitable for food applications\*. For products in Dark Oiled Oak, we recommend using a smoked tabletop oil, suitable for food applications\*.

Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as they can leave a mark on the table top. Metal objects can leave a mark if left on the table for a longer period of time.

Spills should immediately be removed to avoid discoloring. Clean the tabletop often and carefully with a soft and dry cloth following the wood grain pattern. The product should not be exposed to excessive humidity, heat or direct sunlight.

Clean base with a microfibre cloth to avoid scratching the high gloss paint. If necessary, use a small amount of mild dish soap on the cloth.

\*Muuto recommends that you contact your local hardware store to get advice on oils for indoor use.
