

SKETCH TOOLBOX

THOMAS BENTZEN ON THE DESIGN "The Sketch Toolbox is a small, friendly piece of architecture for the desk, helping you organize your tools and objects. Inspired by the simple architecture of houses, the design brings functionality and versatility with its compartments in various depths, alongside the handle, making it easy to move around. Made using 91% recycled plastic the Sketch Toolbox is a friendly companion for daily life, whether in the home office, a workplace, the bathroom or wherever you might find yourself needing a bit of modern storage."

DESCRIPTION

With a straightforward, functional design referencing the simple architectural lines of a house, Sketch Toolbox offers various rooms to accommodate a broad range of functions and needs in modern personal storage. Cast in one monolithic piece with a handle for portability, it is a friendly companion in daily life – at home, in the workshop or the nomadic workplace. The versatile toolbox is manufactured in Denmark using minimum 91% recycled plastic.

MATERIAL

Produced using minimum 91% recycled ABS plastic from post-consumer waste. The Sketch Toolbox is cast in one monolithic piece, which means that no screws are used and no assembly is needed.

CLEANING AND CARE

Clean with a moist cloth. If necessary, use a little dish soap on the cloth.
